

### **Saturday Morning Big Book**

**This meeting found its conception in the early nineties, and was held on Sheridan Street in the early days. As the meeting grew, they needed a larger place to meet, and moved to St. Boniface Church, where it meets today at 10am.**

**Among the early members and founders of this meeting were: Melody, Mike K., and John S.**

**It has remained an open meeting for all to attend. The topic is always reading from the big book, and discussion following.**
